# Invitation

Dear colleagues,

Last year in December 2022 our «GI Malignancies Training» took place for the fifth time. This year we are planning an online event. We would like to invite you again to an interactive exchange of information about the extended use of known markers and new procedures in the field of gastrointestinal tumors.

Please send us a patient case, a topic that interests you or questions in advance.

After each lecture there will be enough time for a joint discussion of the individual patient cases and for questions.

## Education Program

**7<sup>TH</sup>**  
OF  
DEC  
2023

- 3:15** Introduction
- 3:20** Carcinomas of the esophagus
