Invitation

Dear Colleagues,

We would like to welcome you to the next MIBB hands-on course and MIBB symposium, joint with the Swiss Society of Senology Congress. By attending the theoretical and practical course on Wednesday afternoon, you will meet an essential prerequisite to become a certificated MIBB-operator for vacuum-assisted breast biopsies (VAB).

We have onboard excellent hands-on teachers and instructors for ultrasound-, mammography-, and MRI-guided VAB. The number of places is limited to guarantee an excellent training setting.

The MIBB symposium on Thursday morning focuses on current and future challenges in breast diagnostics, presented by national and international experts. We will discuss about quality improvement of VAB, B3-lesions, breast imaging in transgender patients, breast-CT and contrast-enhanced mammography. The bridging lecture on breast cancer screening in Switzerland will lead to the Swiss Society of Senology Congress.

We are looking forward to meeting you in Zurich.

Kind regards,

Dr. Constanze Elfgen
MIBB President

Dr. Sabine Zehbe
MIBB Co-President

Invitation

Dear Colleagues,

This year's annual meeting of the Swiss Society for Senology will take place from 21st to 22nd September at the Technopark in Zürich. The program highlights a wide variety of aspects of senology and we were able to win a number of internationally renowned speakers for this meeting in addition to wellknown experts from Switzerland.

Already in the morning of 21st of September the MIBB-Symposium will take place with a varied program all about the radiological and minimally invasive diagnosis of breast diseases. The annual conference starts at noon with a session on new possibilities in mammography screening, an overview of current approaches in the diagnosis and therapy of genetically caused breast cancer.

On the second day we will discuss new aspects in the neoadjuvant setting, the interdisciplinary treatment of metastatic breast cancer, complication- and error-management in senology, and the various treatment options for breast cancer associated chronic lymph edema.

We wish you an exciting MIBB-Symposium and Senology Congress, a lively interdisciplinary exchange and enjoy two wonderful days in Zurich together with the entire senology community. We look forward to welcoming you to Zurich in autumn.

PD Dr. med. Christoph Tausch
President Swiss Society for Senology

Dr. med. Constanze Elfgen
President MIBB-Group

07.30 **Registration****08.30-10.15** Block 3 **AUDITORIUM GROUND FLOOR****New aspects of the neoadjuvant approach****Chairs: Christoph Tausch, Zürich; Khalil Zaman, Lausanne**

- 08.30-08.55 Neoadjuvant endocrine therapy :
A different strategy to individualize adjuvant decisions
Eva Maria Ciruelos Gil, Madrid (SP)
- 08.55-09.15 Ovarian protection under neoadjuvant therapy
Matteo Lambertini, Genova (IT)
- 09.15-09.35 Is targeted axillary dissection after neoadjuvant therapy
useful for every N-status ?
Andreas Günthert, Luzern
- 09.35-09.55 Do we need surgery of the breast in case of radiological
complete response ?
Christoph Tausch, Zürich
- 09.55-10.15 Targeted axillary dissection versus sentinel node procedure
to determine pathologic complete response in the axilla
Walter Weber, Basel

10.15-10.45 Coffee break**10.45-12.00** Block 4 **AUDITORIUM GROUND FLOOR****Metastatic breast cancer****Chairs: Jens Huober, St. Gallen; Pelagia Tsoutsou, Genève**

- 10.45-11.00 Advanced breast cancer – principles of treatment
Nadia Harbeck, München (DE) *virtual presentation*
- 11.00-11.30 Interdisciplinary therapy of brain metastases :
radiotherapy/surgery/systemic therapy
Radiotherapy: Sébastien Tran, Genève
Surgery: Marian Neidert, St. Gallen
Oncology: Khalil Zaman, Lausanne
- 11.30-11.45 Treatment options in Triple negative breast cancer
Marcus Vetter, Liestal
- 11.45-12.00 Precision medicine in MBC – ready to go ?
Stefan Aebi, Luzern

12.00-13.30 Lunch

Friday, September 22, 2023

12.30-13.20 **SPONSORED WORKSHOP
BY SIRIUS PINTUITION** **COBOL 2ND FLOOR**12.30-13.15 **SPONSORED SATELLITE SYMPOSIUM
BY GILEAD** **AUDITORIUM GROUND FLOOR****13.30-15.00** Block 5 **AUDITORIUM GROUND FLOOR****Complications and failures in senology****Chairs: Claudia Rauh, Bern; Constanze Elfgen, Zürich**

- 13.30-13.45 Avoidance and management of side effect under systemic therapy-how
to choose wisely
Alexandre Bodmer, Genève
- 13.45-14.00 Breast cancer survivorship – long-term medical issues
and lifestyle recommendations
Maria Wertli, Baden
- 14.00-14.10 Dealing with challenges- a patient's view
TBC
- 14.10-14.30 Surgical risks: how to avoid failure
Inga Bekes, St. Gallen
- 14.30-15.00 **Keynote Lecture**
Patient safety and reduction of healthcare harm
David Schwappach, Bern

15.00-15.30 Coffee break

Friday, September 22, 2023

15.30-17.00	Block 6	AUDITORIUM GROUND FLOOR
<p>State of the Art Management of chronic BCRL (Breast cancer associated lymphedema) Chairs: Elisabeth A. Kappos, Basel; Michael Knauer, St. Gallen</p>		
15.30-15.45	The senologist's perspective: de-escalation	Michael Knauer, St. Gallen
15.45-16.00	Perspective of the rehabilitation specialist: maintenance therapy	TBC
16.00-16.15	The reconstructive surgeon's perspective: surgical treatment	Yves Harder, Lugano
16.15-16.30	The physiotherapist's perspective: conservative treatment	Yvette Stoel, Winterthur
16.30-16.45	The LYMPH Trial: better quality of life thanks to super microsurgery	Elisabeth A. Kappos, Basel
16.45-17.00	Discussion	

17.00 **Farewell**
